ADITYA GROUP

“ADITYA” Group having wide experience of more than 40 years in the field of engineering products Manufacturing & Export operated by well-trained experienced technocrats.

• **Anand Liners Pvt. Ltd.**

Working since more than 40 year in the field of Manufacturing & Supply of precision components for Automotive and Industrial application. (Expertise in Cylinder Liner & Sleeve)

• **J.J.PV Solar Pvt. Ltd.**

Working since more than 10 year in the field of Manufacturing of Renewable energy equipment and projects Like Solar home kit / Solar street light / Solar water pumping solution / Solar power generation plant for Domestic as well as industrial applications.

• **Aditya Engimach Pvt. Ltd.**

Working since more than 10 year in the field of Manufacturing of Precision components for Automotive / Industrial / Agricultural segments. (Expertise in Forged Machinery Components)

Who We Are ?

Aditya Impex

We are well known Manufacturer & Exporter of all kind of Agriculture, Food processing, Construction equipment, Engineering Machinery & Precision Components.

We are one of the leading manufacturer, founder and exporter based at Rajkot, Gujarat, India, Mainly deal in below segments to provide economical best technology solutions to client in stipulated time frame by means of advance technology operated by well-trained experienced technocrats.

We can Provide Best Quality....

- **Agriculture Equipments**
- **Pre and Post Harvesting Machinery**
- **Food Processing Machinery**
- **Construction Machinery**
- **Workshop Machinery**
- **Precision Components Development**
- **Renewable Energy Equipments**
- **Projects Division**

Our Strength

Total Plant Area

10,000 Sq. Meter

Built Up Area

3,000 Sq. Meter

Team of Workers

12

Skilled Workers

20

Unskilled Workers

06

Technical Expert Staff

04

Commercial

03

Management

Aditya

envisioning progress

• Roundness Tester

• Laser Marking Machine

• Microscope

• Hardness Tester

• Surface Roughness Tester

Agriculture Equipments

To deliver solution to farmers by providing best economical, user friendly equipments.

• Petter type Engine

• Lister type Engine

• Petter type Engine Spares

• Lister type Engine Spares

• Centrifugal Water Pump

• Submersible Pumps

• Money Maker Treadle Pump • Deepwell Hand Pump • Delivery Hose Pipe & Flat Hose Pipe

• M.S. / G.I. / UPVC / CPVC • Column Pipe & Fittings Suitable for Water Pumps

• Grinding Mill

• Chaff Cutter • Ox-Plough
• Chopper Mill

Pre & Post Harvesting Machinery

To provide solution to farmer for bowing, growing, cutting, threshing and processing equipment.

• Drip Irrigation System

• Grain Cleaner

• Poly Disc Harrow

• Harvesting Machine Reaper

• Cultivator

• Ploughing

• Seed Drill Machine

• Seed Planter Machine

• Multifunction Thresher

Food Processing Machinery

To provide hygienic food delivery to society by providing food grade steel food processing equipment.

• Corn Oil Processing Machine

• Palm Oil Milling Machine

• Dalia Making Machine

• Cashew Nut Machine

• Grain Color Sorter Machine

• Rice Color Sorter Machine

• Veg. & Fruit Cutting Machine

Construction Machinery

To provide economical best technology equipment to construction industries.

• Hydraulic Mixer

• Tower Hoist Lift

• Hopper Concrete Machine

• Non-Hopper Concrete Machine

• Needle Vibrator

• Paver Block Machine

• Soil Compactor

• Automatic Plaster Machine

Workshop Machinery

Encourage entrepreneurship by providing industrial solutions.

• Air Compressor

• Lathe Machine

• Portable Welding Machine

• All Type of Power Tools

• Electric Motor

• Drill Machine

Precision Components

We can Design , Develop & Produce Any Kind of precision Components, Semi Assembly, Fully Finished Assembly As Per Customer's Drawing Or Sample bymeans of reverse engineering 2D/3D Designing, Blue Rays scanning technology, 3D printer for prototype making, CAD & CAM software, storage data in ERP Software for traceability and record keeping.

CASTING : Sand Casting • Shell Core Casting • Investment Casting • Gravity Die Casting • PDC Casting
Job Capacity ranging from 0.100kgs to 125 kgs

FORGING : Open & close die forging and ring rolling method
Job Capacity ranging from 0.100 kgs to 100 kgs & Ring rolling upto dia. 700mm.

BAR STOCK : • Carbon steel • Alloy steel • Non-Alloy steel like Aluminium • Brass
• Copper Job as per client requirements.

Renewable Energy Equipments

To provide cost Effective solution for power generation Roof Top and Industrial projects, water pumping, Domestic & Industrial lighting & support with Environment saving Eco-Friendly Solutions.

Projects Division

We are able to provide Turn-key project solutions to below segments

• Double Roller Mill Machine

• Dal Mill Plant

• Mini Sugar Plant

• Non Woven Bag Plant

• Sugar Plant Machinery

• Liquid & Powder Weighing & Packing Machine

• Cup Filling & Sealing Machine

• Water Bottling & Refilling Plant

ADITYA IMPEX

Reg. Office : "Mahavir", Opp. Rajkamal Petrol Pump, Gondal Road, Rajkot - 360004.

Factory : Survey No. 80/1, Plot No. 5, Nr. Synergy Transformers, At. Pipaliya - 360311, Ta. Gondal, Dist. Rajkot.
